If I was in charge for a day I would make all the bad decisions good! Let's start with jobs, I would make sure that everyone gets a good salary for their hard work! Then for the homeless, I would certainly make sure there are plenty of shelters and warm clothes and food for the homeless! I would also make sure that the elderly people get looked after!

I think it's absurd that some aren't helping at all, but if I was in charge I would make sure that everything will be great! Speaking of all of this, the big war in Ukraine, I feel so bad for them, if I had the power and strength that would be my first thing to resolve!

I would make sure that this world is good, also the amount of people who kill and kidnap is just terrible! I would make sure that there is enough police around each bit of town!

If I was in charge of a school, I would make sure that everyone has different homework for their levels. I would make sure that everyone is kind and learns lots of important things and prepare them for the future!

If I were in charge of the world,
I'd cancel plane crashes.
I'd cancel wars,
I would even cancel rainy days.

If I were in charge of the world,
There would be tree houses in all trees.
There would be dogs that never die,
There would even be cars that would fly.

If I were in charge of the world,
You wouldn't have nits or ticks.
You wouldn't have tests,
You wouldn't have death
Or, even " I hate you!"
You wouldn't even have the word hate!

If I were in charge of the world,
There would be larger slides.
Chocolate would be a vegetable,
And a person who has a messy bedroom,
And sometimes forget to feed the dogs,
Would still be in charge of the world.

If I were in charge of the world,
There would be brighter night lights,
All vegetables would be bad for you!
There would be NO bedtimes,
Or " No fighting with your brother"

If I were in charge of the world,
A Ferrow Roche sundae would be heathly!
There would also be,
No loneliness.
No sadness.

If I ruled the world,
Many changes I would make,
It would be required!
That Happiness shone,
from everyone's eyes!

If I ruled the world,
I would require everyone to love each other,
make sure that all sisters and brothers get along and love each other, but maybe fight
sometimes..
And care and look after the ones who are suffering!

I would also spend millions of pounds to find a cure for type 1 diabetes and cancer! I would
also make sure that all the medications work!

I would also ban Vandalising homes! because its just nasty and careless!

I would conquer the world and eat lots of chocolates! I would make this world a better place
for all!
